

Professional Development Pathway

PACE Subject Reviewer

Overview

Across the Trust we utilise Subject specialists when conducting PACE (Pedagogy, Assessment, Curriculum, Expectations) Reviews. These reviews are a forensic look with a PACE lens on curriculum subjects. PACE Reviewers need to be experts in their subject and have an understanding of PACE design and principles. These are excellent, immersive professional development opportunities and deployment is cross phase.

If you are interested in finding more out about this role, please do not hesitate to ask your Line Manager or Headteacher.
