

Professional Development Pathway

QUALITY OF INSTRUCTION

Part of the PACE Pedagogy series, the 'Quality of Instruction' programme will immerse delegates into eight principles of instruction:

CHALLENGE

EXPLANATION

FEEDBACK

MODELLING

PRACTICE

QUESTIONING

RETRIEVAL

SCAFFOLDING

Delegates will explore the evidence that sits behind them and how they can be mobilised in the classroom effectively.

By the end of the programme delegates will:

- Have an understanding of the PACE Framework;
- Have a strong understanding of the research evidence that sits behind the eight principles of instruction and why this supports learning effectively;
- Feel confident to implement these principles in their classroom;
- Have the experience of visiting a different school to look at instruction in a different context.

Aimed at classroom teachers Years 3-5 on the Greensand Professional Development Pathway or any Leaders, Teachers and Support Staff interested in developing quality of instruction principles. If you are interested in attending this programme please speak to your Head Teacher or Professional Development Lead or for further information contact Cheryl Gill: c.gill@reigate-school.surrey.sch.uk

Delegate Testimonies:

“The ‘Quality of Instruction’ teaching course was incredibly beneficial to help in my teaching practice giving me a continued development of my teaching pedagogy. It also gave me the opportunity to discuss and bounce ideas off other teachers of things that work well in lessons or different techniques used within teaching. In particular, I found the targeted questioning session and the challenge session very useful and have been able to take what I learnt and use it within my own lessons. Thank you for allowing me to be part of the course.”

Clarissa – MFL Teacher, Reigate School.

“An invaluable course that has improved the way I think and my teaching. The perfect balance of taught content and discussion with other schools that enhances practice.”

Leila – Year 1 Teacher, Epsom Downs School
